Intro:

```
Em                    G                          D                        Em
oh-oh-woah      Oh-oh-woah          ooooo-mmmmmmmm

Em
I wear my sunglasses at night
G
So I can, So I can
D                                                                    Em
Watch you weave then breathe your story lines
Em
And I wear my sunglasses at night
G
So I can, So I can
D                                              Em
Keep track of the visions in my eyes

G                  D
While, she's deceiving me,
Em          D
It cuts my security
Em               G
Has she got control of me
G (single strum)
I turn to her and say

G                                            D           Em
Don't switch the blade on the guy in shades; oh no
G                                         D              Em
Don't masquerade with the guy in shades;oh no
D
I can't believe it
G                                   D                        Em
You got it made with the guy in shades; oh no

Em
I wear my sunglasses at night
G
So I can, So I can
D                                            Em
Forget my name while you collect your claim
Em
And I wear my sunglasses at night
G
So I can, So I can
D                                         Em
See the light that's right before my eyes
```

```
G                  D
While, she's deceiving me,
Em          D
It cuts my security
Em               G
Has she got control of me
G (single strum)
I turn to her and say

G                                          D                        Em
Don't switch the blade on the guy in shades; oh no
G                                         D                        Em
Don't masquerade with the guy in shades;oh no
D
I can't believe it
G                                     D                    Em
You got it made with the guy in shades; oh no

Oh  Woah-oh

Em
I wear my sunglasses at night
G
I wear my sunglasses at night
D                                   Em
I wear my sunglasses at night
```
