

Do I Know You? (Cal DiFalco)

Do I know you?
Have you ever been alive
Can I own you?
Or are you only 9 to 5

If you trust me
You ain't leaving here alive
Come and hold me
Yeah, I doubt that you'll survive

I'm like poison
And I'm dancing on you lips
You got no choice in
Like those yellowed fingertips

If you want to,
You can make me go away
Do you want to
Would you rather that I stay
